

CSE 210 W03: Designer: Class Diagram

Journal	Journal Entry
-journal: <List> Journal Entry	- prompt: string
Write(): void	- answer: string
Display(): void	- date: string
LoadFile(): void	Display(): void
SaveFile(): void	Get Prompt(): void

"welcome..."

"please select..." (1-5)

1. write → Write(): void → Get Prompt(): void → -prompt/-answer/-date

"Add" → -journal: <List> Journal Entry

2. Display → Display(): void → -prompt/-answer/-date

3. Load → LoadFile(): void → "What is file name?" → user input

4. Save → SaveFile(): void → "What is" → user input

5. Quit → stops loop
